Our mission is to collectively inform policy to improve health and health care

We serve as an informed, nonpartisan convener to provide evidence-based information relevant to policy decisions and other actions impacting the health and well-being of all South Carolinians

WELCOME

- **Final meeting: February 21 - Mark your calendars!**
- Today you will separate into 3 new breakout groups to review the draft strawman recommendations developed based on your theme selections and feedback *(See your badge)*
- After today's meeting, the recommendations will be available for a public open comment period.
- During our February 21 meeting we will review any relevant feedback from the comment period and agree on a finalized version of the recommendations.

Strawman Recommendation Review Process

- Stay with your group from 10:45 – 1:15
- Facilitators and note takers will rotate
