UNITE WITH, INTEGRATE, ALIGN, AND COMPLEMENT THE COMPONENTS OF THESE THREE STATEWIDE INITIATIVES TO IMPROVE MATERNAL AND INFANT OUTCOMES.

COLLECTIVE IMPACT

This framework aims to address complex issues in local communities by aligning multiple organizations and stakeholders around a shared goal to achieve large-scale positive changes.

The collective impact approach aims to foster collaboration, minimize duplication of efforts, prevent partner burnout, complement current efforts, and eliminate contradicting elements.

INCORPORATE THE THREE STATEWIDE PLANS INTO THE WRITING OF THE MCH CHAPTER OF THE SC SHIP.
